GENERAL CATALOG
FOR
FALL 1943 -- SPRING 1944

FOREWORD

About Fruit Stock

Fruit stock is even more scarce this year than last year, and the demand will be greater for fruit trees, berries, and grapes. We have a good supply of fruit stock this season, but by the first of the year we will probably be sold out. Those who waited until Spring last year to buy their fruit stock, found that there wasn't much left on hand and did not get what they wanted. This year why not buy your needs early and let us reserve the stock for you to be shipped when wanted.

The government is stressing more and more for us to grow as much of our food as possible. You can do your part for Victory by starting a Home Orchard. Plant our large, bearing size trees for quick results.

Terms and Conditions of Sale

1. We do not do an open account business. We operate on strictly a cash basis. To avoid delay in the filling and shipping of your order be sure that your remittance accompanies order.
2. We will ship stock C. O. D. provided 25% of the purchase price accompanies order, balance to come C. O. D.
3. All stock is shipped prepaid to customer. The prices quoted in this catalog, are the delivery prices to you. Figure this in when comparing our prices.

Our Guarantee

We guarantee every tree, plant, bulb, etc., to reach you in first class condition. We guarantee every tree, plant, bulb, etc., to live and to be true to name, and will replace any tree, plant, bulb, etc., that does not live or that is not true to name, or that is in any way unsatisfactory. A liberal guarantee and we live up to it.

Pay Us a Visit

Our growing fields, and packing sheds, sales grounds, etc., are located 10 miles west of Tyler, Texas. Take Dallas highway out of Tyler, taking first right hand turn after you pass Tyler Airport. Follow arrow. One of the largest and most complete selections of stock in the entire South. Visitors welcome. Come and see us. There will always be a capable helper to assist you in selecting stock best suited to your locality.

BULB DEPARTMENT

AMARYLLIS

No. 180 Giant Hybrid Amaryllis—One of the finest strains of Amaryllis in America. Flowers immense, of most perfect form. Come in mixtures of rose, red, crimson, solid colors, and same colors striped white. A real floral treat. Large bulbs, $2\frac{1}{4}$ to $2\frac{1}{2}$ inch diameter. Each, 45c; 10 for \$3.95.

ANEMONES

No. 171 Anemones (Wind Flowers)—One of the most showy flowers. Gorgeous assortment of colors. No. 1 bulbs Each, 8c; 10 for 75c; 100 for \$6.95.

TUBEROUS BEGONIAS (Ready in January)

These Begonias are grown by a specialist in this field. The blossoms are large, well-formed, numerous, and borne on erect stems. Each type which is listed below contains a mixture of white, red, scarlet, rose, pink, yellow, orange, salmon, and apricot. These are large bulbs, 2 inch diameter or larger. Price 39c each; 10 for \$3.25.

No. 9100 Camellia Double—The most popular type. In the form of a giant ruffled camellia.

No. 9101 Carnation or Double Frilled—In the form of a lovely Carnation and one of the most beautiful of all the Begonias.

No. 9102 Rosebud Double—A double type in the form of a rosebud.

No. 9103 Daffodil Flowered—The flower has a trumpet and resembles a daffodil, a very unusual and interesting type.

CALLA LILLIES

No. 9029 Black Calla Lily (Arum Pictum)—Very large black flower fading to maroon. No disagreeable odor. Each 60c; 10 for \$5.50.

No. 9030 Pink Calla Lily (Richardia Rehmannii Carminea)—This is a dwarf Calla. The flowers are rose pink, but fade to cerise. Very unusual and scarce. Each 65c; 10 for \$6.00.

No. 172 White Calla Lily—Aethiopica, large white. Beautiful, large white Calla. Contrary to general opinion, these can be grown successfully out of doors. $1\frac{1}{2}$ – $1\frac{3}{4}$ inch diameter. Each 25c; 10 for \$2.25.

No. 173 Yellow Calla Lily (Richardia Elliottiana)—Deep, pure yellow. Does well outdoors. $2\frac{1}{2}$ – $2\frac{3}{4}$ inch diameter. Each 25c; 10 for \$2.25.

CANNAS

(READY IN JANUARY)

Nothing adds more color to a planting than a choice bed of Cannas, and they come back year after year, getting better all the time. The varieties we offer are the best and the most handsome in commerce today. Our Cannas are all strong 3 to 5 eye divisions, properly matured and cured so as to give you the best possible results.

No. 263 King Humbert—Coppery scarlet flowers, bronze foliage.

No. 264 Yellow King Humbert—Deep yellow flowers flecked red.

No. 265 The President—Rich glowing scarlet, the best red.

No. 269 Richard Wallace—Canary yellow flowers, green foliage.

No. 267 Eureka—Creamy white flowers, green foliage.

No. 269 Florence Vaughn—Large pure yellow flowers, lovely.

No. 270 City of Portland—Light pink flowers, green foliage.

No. 271 Ambassador—Large heads of orange flowers, bronze foliage.

No. 272 King Midas—Heavy heads of pure pink flowers.

No. 274 Mme. Crozy—Red flowers tipped with gold, striking.

No. 275 Hungaria—Heavy heads of pure pink flowers.

No. 276 Mrs. Alfred Conrad—Salmon pink of rare beauty.

No. 277 Apricot—Lovely heads of true apricot flowers.

No. 86 Mixed—Mixture of above varieties and colors.

Price on all Cannas: Each 12c; 3 for 33c; 10 for 95c; 25 for \$2.15; 100 for \$8.25.

DAFFODILS

No. 9031 King Alfred Daffodils—Very large, pure yellow, frilled flowers. This is the giant flowered and most popular of all the daffodils. Our bulbs are the largest bulbs obtainable, each bulb having several divisions which will produce several bulbs per bulb. Price for these extra large, select bulbs 19c each; 10 for \$1.75; 100 for \$16.00.

DAHLIAS

(READY IN JANUARY)

Dahlias are as easily grown as potatoes. Simply plant the strong tubers we offer. Give them plenty of fertilizer and water, and cut beautiful blooms through the spring, summer and fall. The named varieties listed below represent practically all of the best Dahlias grown, many of them retailing from 50c to \$1.50 each.

No. 213 A. D. Livona—Shell pink.

No. 237 Pride of California—Deep red, decorative type.

No. 242 Pink Flamingo—Intense rose pink.

No. 249 Wm. H. Hogan—Large red, white tips.

Price on all Dahlias shown above as follows: Each, 25c; 3 for 69c; 10 for \$2.15; 25 for \$4.55.

GLADIOLUS

Nothing you can plant will give you more satisfaction, or more beautiful flowers for the money paid out, than Gladioli. Of the very simplest culture, they grow anywhere, for anybody, and are sure to bloom. Throughout the South the very best results are obtained by planting in the Fall. A bed of Picardy gladioli is a sight never to be forgotten, and it is one of the loveliest and most lasting of all cut flowers. We sell only extra large bulbs, $1\frac{1}{2}$ inch and up, strictly Number One.

No. 81 Albatross—Best white gladioli.

No. 190 Alice Tiplady—Golden orange.

No. 192 America—Light pink.

No. 194 Betty Nuttall—Coral pink, very large.

No. 192 Charles Dickens—Large plum color.

No. 9013 Dr. F. E. Bennett—Bright red.

No. 199 E. J. Shaylor—Deep rose, ruffled, early

No. 82 Euterpe—Charming lavender.

No. 9015 Flaming Sword—Fine early, clear red.

No. 83 Golden Dream—Tall clear yellow.

No. 9016 Golden Eagle—Early yellow.

No. 201 Halley—Deep salmon orange.

No. 9017 Helga—Early salmon pink.

No. 202 Los Angeles—Tall salmon pink.

No. 9018 Minuet—Light lavender.

No. 9019 Mrs. F. King—Flaming red.

No. 204 Mrs. F. Pendleton—Pink blotch.

No. 84 Morocco—Deep maroon.

No. 85 Phenomenon—Pink and yellow.

No. 206 Picardy—Sensational new shrimp pink.

No. 9020 Pride of Wanakah—Tall, deep rose.

No. 9028 Souvenir—Early, lovely pure deep yellow.

No. 9022 Wasaga—New La France pink.

No. 212 Mixed—All colors and varieties, many fine ruffled ones.

Price on all above Gladioli: Each, 6c; 3 for 15c; 10 for 43c; 25 for 89c; 100 for \$3.15. Write for special quotation on large quantities.

GLOXINIAS

We offer the following varieties of Gloxinias in nice size bulbs, all $1\frac{1}{4}$ to $1\frac{1}{2}$ inch diameter. Price on all Gloxinias, 35c each; 10 for \$2.95.

No. 9105 Bavaria—Dark blue with white throat and ruffled edge, very large flowered.

No. 9106 Brown's Hybrids—Assortment of dark rich colors, very large flowered.

No. 9107 Brown's Pink—Delicate pink fading into blue at base of throat. Flowers very upright. Foliage rose colored on reverse side.

No. 9108 Brilliant—This variety produces clear bright red blooms. The flexible foliage is light green.

No. 9109 Red & Deep—Large flowered, deep crimson, edge of flower frilled. An improvement on other red varieties.

No. 9110 Brunhilde—Pure white, large flower, foliage bright green.

No. 9111 Emperor William—Upright flowers deep violet, banded by white margin.

No. 9112 King of the Reds—Bright red, foliage very luxuriant.

- No. 9113 Spotted and Stained Hybrids—Blossoms veined and spotted. In a mixture of pink, blue, purple, and red marking on white.
- No. 9114 Wine—The newest of the flexible leaved hybrids. A reddish lavender in color and very attractive.
- No. 9115 Mixed—An assortment of the above colors and varieties.

GUERNSEY LILIES (Red Rain Lilies)

- No. 259—Strictly at home in the South. In early fall they throw tall spikes of bright red flowers resembling giant spiders. Price each 19c; 3 for 47c; 10 for \$1.50; 100 for \$12.75.

IRIS, BEARDED OR GERMAN

We are offering this year a complete new list of Iris. With the exception of a few of the old favorites being listed, all the rest are new varieties grown for us by an Iris specialist and grown especially for us. These are the up-to-date varieties that are becoming so popular with lovers of Iris. Do not confuse these with the old time Flags seen growing in your grandmother's garden. They are as different from them as daylight is from dark. (In descriptions below, S is for Standard or upper petals, and F is for Falls, or drooping petals.)

- No. 51 Abeland—S., livid brown. F. purple.
- No. 52 Alta California—Very tall deep yellow.
- No. 53 Cameliard—S., amber. F. bronze yellow.
- No. 283 Canary Bird—Lovely soft yellow throughout.
- No. 54 Crimson King—Rich dark purple.
- No. 55 Crysoor—Very deep orange yellow.
- No. 56 Claude Monet—S., yellow. F., yellow marked red.
- No. 57 Clara Noyes—Rich yellow blend. Exquisite.
- No. 58 Coronation—Tall yellow.
- No. 59 Crown Jewel—Burnt orange effect.
- No. 60 Dauntless—Tall, near red. Yellow beard.
- No. 61 Eros—Coral pink.
- No. 62 Frieda Mohr—S., lilac rose pink. F., darker shade of same color.
- No. 63 Gold Imperial—Chrome yellow, very dainty.
- No. 64 Gold Top—S., yellow. F., yellow and orchid blend.
- No. 65 Golden Bow—Deep orange yellow.
- No. 66 Henri Riviere—S., yellow. F., orchid.
- No. 67 Hernani—Beautiful bronze red.
- No. 68 Indian Chief—Large flower. S., bronze tan. F., exquisite red.
- No. 294 Iris King—S., deep gold. F., velvety red.
- No. 69 Juanita—Rich blue, beautiful specimen.
- No. 70—King Midas—S., buff. F., garnet red. Very unique.
- No. 71 King Tut—Bright reddish brown.
- No. 297 Kochi—Rich red purple, very fragrant. A favorite.
- No. 72 L. A. Williamson—Large purple and yellow blend.
- No. 73 Midgard—Yellow and pink blend.

- No. 74 Mrs. Valerie West—S., buff. F., dark red.
- No. 75 Rameses—Beautiful pink blend.
- No. 76 Schem—Tall glowing reddish brown.
- No. 9011 Sass Pink—Lovely orchid pink.
- No. 77 Spark—Low, fiery red.
- No. 78 Wacanda—Rich, fuchsia red.
- No. 79 Zuni—Rich reddish brown and copper.
- No. 80 Zaharoon—Blend of fawn, violet and rose. Truly a beauty.
- Price on above Iris: Each, 16c; 3 for 45c; 10 for \$1.35; 25 for \$3.00; 100 for \$10.00.

JONQUILS

- No. 9033 Jonquil O. Campenelle—Bright yellow, very fragrant. Very lasting. No. 1 double-nose bulbs. Each, 12c; 10 for 95c; 100 for \$8.75.

PEONIES

Peonies will grow and do well in the South. Success depends upon selection of proper varieties, and buying strong roots. The varieties we offer are specially adapted in the South, and they will bloom for you, if planted before February 15th. All listed below are strong divisions with 3 to 5 eyes.

- No. 81 Albert Crousse—Late, beautiful, delicate salmon-pink.
- No. 255 Couronne D'Or—White, flecked carmine. Fragrant.
- No. 254 Duchesse de Nemours—Sulphur yellow, crown type.
- No. 9024 Edulis Superba—Bright, clear mauve-pink. Fragrant, early.
- No. 82 Elwood Pleas—Shell-pink. Midseason bloomer.
- No. 83 Festiva Maxima—Most popular white. Early.
- No. 252 Felix Crousse—Large, rich ruby red. Bomb type.
- No. 9025 Floral Treasure—Clear pink, lighter center.
- No. 84 La Perle—Pink in the bud, opening to a creamy white.
- No. 9027 La Roserie—Creamy white with prominent stamens. Midseason.
- No. 85 Madame de Verneville—Pure white, early bloomer.
- No. 86 Mlle. Leonie Calot—Rose-white, midseason bloomer.
- No. 87 Meissonier—Brilliant crimson. Midseason bloomer.
- No. 9028 President Roosevelt—Midseason, very fine. Free flowering brilliant red.
- No. 88 Rubra Superba—Late bloomer, deep crimson.
- No. 89 Sulphurea—White and sulphur-yellow. Early.
- No. 90 Venus—Shell pink. Midseason bloomer.
- Price on Peonies: Each 39c; 3 for 95c; 10 for \$2.35.

RANUNCULUS

- No. 176 Ranunculus—Splendid cut flowers, in variety of lovely colors. Plant with claws of bulbs down. Each 8c; 10 for 70c; 100 for \$6.25.

TUBEROSE

- No. 181 Tuberose—We offer the genuine Mexican Tube Rose, blooming size bulbs. Each 4c; 3 for 10c; 10 for 29c; 100 for \$2.35.

FRUIT DEPARTMENT

PEACH TREES

No long winded talk about peach trees is necessary. They are entirely at home in the South and Southwest, and certain varieties may be grown on any kind of soil, and in every county in Texas, Oklahoma, Louisiana, Arkansas and the South. If you do not know what varieties are best for your locality, leave it up to us, we will select those varieties that will give you fruit. The trees we offer you this year are the best that can be grown; fine root systems, smooth, healthy bodes and limbs. You could not buy a better tree at \$1.50 each.

The 2 to 3 foot trees quoted below are fine young trees, used largely by orchardists, commercial growers and large home orchards. They usually bear three years after planting.

The 3 to 4 foot trees quoted below are bought generally by people who want a good young tree, at a low price, and are in no particular hurry. These 3 to 4 foot trees usually bear two years after planting.

The 4 to 5 foot trees quoted below are planted by the average home owner that does not want to plant too large a tree. These are partly branched and sometimes bear year following planting, and if not will bear second year.

The 5 to 6 foot, well-branched, bearing size trees quoted below are the best that can be had, at any price, and are selected from thousands of trees for customers who want the best. These trees usually bear the year following planting.

Alexander—Semi-cling, red cheek, good quality; ripens May. No. 501—2 to 3 ft. No. 502—3 to 4 ft. No. 450—4 to 5 ft. No. 503—5 to 6 ft.

Arp Beauty—Freestone; earliest of yellow fleshed peaches, good quality, ripens first of June. No. 504—2 to 3 ft. No. 505—3 to 4 ft. No. 452—4 to 5 ft. No. 506—5 to 6 ft.

Aughter—Yellow freestone, like Elberta; ripens August. No.

507—2 to 3 ft. No. 508—3 to 4 ft. No. 453—4 to 5 ft. No. 509—5 to 6 ft.

Belle of Georgia—Large freestone; white with red cheek. Fine quality, ripens two weeks before Elberta. No. 510—2 to 3 ft. No. 511—3 to 4 ft. No. 454—4 to 5 ft. No. 512—5 to 6 ft.

Carman—Large white freestone; fine quality, ripens July. No. 513—2 to 3 ft. No. 514—3 to 4 ft. No. 455—4 to 5 ft. No. 515—5 to 6 ft.

Champion—Large freestone, white with red cheek; sweet and delicious. Ripens long season through June and July. No. 519—2 to 3 ft. No. 520—3 to 4 ft. No. 457—4 to 5 ft. No. 521—5 to 6 ft.

Chinese Cling—Very large cling, creamy white, juicy and sweet; held in high esteem, but it is a shy bearer. No. 519—2 to 3 ft. No. 520—3 to 4 ft. No. 457—4 to 5 ft. No. 521—5 to 6 ft.

Early Elberta—Identical to Elberta, two weeks earlier. No. 522—2 to 3 ft. No. 523—3 to 4 ft. No. 458—4 to 5 ft. No. 524—5 to 6 ft.

Elberta—Yellow freestone, ripens July; the old standby. No. 525—2 to 3 ft. No. 526—3 to 4 ft. No. 459—4 to 5 ft. No. 527—5 to 6 ft.

Early Hiley—Large creamy white and red freestone, firm, juicy and sweet. Ripens in June; merits a trial. No. 528—2 to 3 ft. No. 529—3 to 4 ft. No. 451—4 to 5 ft. No. 530—5 to 6 ft.

Early Wheeler—Most profitable early peach, fine color, firm flesh. Ripens last of May. Quality only fair. No. 531—2 to 3 ft. No. 532—3 to 4 ft. No. 460—4 to 5 ft. No. 533—5 to 6 ft.

Frank—Very similar to Elberta, but much larger, and a big improvement on that fine variety; ripens little earlier. No. 534—2 to 3 ft. No. 535—3 to 4 ft. No. 461—4 to 5 ft. No. 536—5 to 6 ft.

- ✓ **General Lee**—Clingstone, white red cheek; excellent for preserving, pickling, etc. Ripens last of July. No. 537—2 to 3 ft. No. 538—3 to 4 ft. No. 462—4 to 5 ft. No. 539—5 to 6 ft.
- ✓ **Golden Jubilee**—Beautiful large yellow freestone, excellent quality, sweet and juicy, ripens 25 days before Elberta. No. 540—2 to 3 ft. No. 541—3 to 4 ft. No. 463—4 to 5 ft. No. 542—5 to 6 ft.
- ✓ **Halehaven**—Fruit large, round, red and yellow freestone of the finest quality, ripens about 15 days before Elberta. No. 446—2 to 3 ft. No. 547—3 to 4 ft. No. 464—4 to 5 ft. No. 548—5 to 6 ft.
- ✓ **Hart Cling**—By far the best late cling. Very large, creamy white with blush. Juicy, sweet and delicious. Ripens about September 15th when peaches are scarce. No. 549—2 to 3 ft. No. 550—3 to 4 ft. No. 465—4 to 5 ft. No. 551—5 to 6 ft.
- ✓ **Heath Cling**—An old favorite. Large creamy-white cling. Fine for preserves and pickles. Ripens August. No. 564—2 to 3 ft. No. 565—3 to 4 ft. No. 467—4 to 5 ft. No. 566—5 to 6 ft.
- ✓ **Hiley**—Early white freestone. Highly colored on sunny side. Perfect freestone. Long keeper. Super shipper. Bears two weeks earlier than Belle of Georgia, which it resembles. No. 468—2 to 3 ft. No. 469—3 to 4 ft. No. 470—4 to 5 ft. No. 471—5 to 6 ft.
- ✓ **Hobson**—Large red cheek cling; excellent quality for eating; also ships extra well, ripens June. No. 567—2 to 3 ft. No. 568—3 to 4 ft. No. 472—4 to 5 ft. No. 569—5 to 6 ft.
- ✓ **Hood**—Medium size skin, marbled white and red; flesh white, tender, juicy and sweet. Especially adapted to Rio Grande Valley, Coastal Section and Warmer Sections of country. No. 570—2 to 3 ft. No. 571—3 to 4 ft. No. 473—4 to 5 ft. No. 572—5 to 6 ft.
- ✓ **Indian Blood Cling**—This is the genuine, old-fashioned, large cling, creamy white mottled deep red, flesh juicy and rich. Ripens July. No. 573—2 to 3 ft. No. 574—3 to 4 ft. No. 474—4 to 5 ft. No. 575—5 to 6 ft.
- ✓ **Japan Dwarf**—Tree dwarf, very prolific. Skin and flesh red, freestone of best quality. Ripens last of May. Fine for Rio Grande Valley and warmer parts of country. No. 576—2 to 3 ft. No. 577—3 to 4 ft. No. 475—4 to 5 ft. No. 578—5 to 6 ft.
- ✓ **J. H. Hale**—Free, large in size and of somewhat better flavor than Elberta. Deep red skin, yellow meated. An excellent variety from every standpoint. Ripens a few days later than Elberta. No. 579—2 to 3 ft. No. 580—3 to 4 ft. No. 476—4 to 5 ft. No. 581—5 to 6 ft.
- ✓ **Kramer**—Large magnificent peach; best late yellow freestone. Ripens October, very fine quality. No. 582—2 to 3 ft. No. 583—3 to 4 ft. No. 477—4 to 5 ft. No. 584—5 to 6 ft.
- ✓ **Mamie Ross**—Large, white, almost covered with carmine. Flesh white, juicy and of good quality. One of the best for family use, and probably the best early commercial variety. Semipara. Ripens first of July. No. 585—2 to 3 ft. No. 586—3 to 4 ft. No. 478—4 to 5 ft. No. 587—5 to 6 ft.
- ✓ **Minnie Stanford**—This is one of the finest yellow clingstone peaches on the market. Large deep yellow; firm flesh, delicious flavor and sweet. Ripens August. Makes excellent sweet pickles and preserves. No. 588—2 to 3 ft. No. 589—3 to 4 ft. No. 479—4 to 5 ft. No. 590—5 to 6 ft.
- ✓ **Mayflower**—The earliest peach known. Fruit medium size, entirely covered with red, blooms late. A good shipper and its high color makes it an attractive market variety. Last of May. No. 591—2 to 3 ft. No. 592—3 to 4 ft. No. 480—4 to 5 ft. No. 593—5 to 6 ft.
- ✓ **Old Mixon Cling**—This splendid old variety is still one of the best. Large white, cling, juicy, sweet and splendid bearer. Ripens in July. No. 594—2 to 3 ft. No. 595—3 to 4 ft. No. 481—4 to 5 ft. No. 596—5 to 6 ft.
- ✓ **Salway**—Large brownish-yellow freestone, splendid quality. Ripens September. No. 600—2 to 3 ft. No. 601—3 to 4 ft. No. 483—4 to 5 ft. No. 602—5 to 6 ft.
- ✓ **Slappy**—A fine yellow freestone, larger than Elberta, and of better quality. Ripens July. No. 603—2 to 3 ft. No. 604—3 to 4 ft. No. 484—4 to 5 ft. No. 605—5 to 6 ft.
- ✓ **Stinson**—The best late peach. Cling, sweet and juicy, ripens in October and November. No. 606—2 to 3 ft. No. 607—3 to 4 ft. No. 485—4 to 5 ft. No. 608—5 to 6 ft.
- ✓ **Texan**—In our judgment this is the best eating peach ever grown. Of medium to large size, red cheek with creamy background, luscious, juicy, sweet and the finest peach flavor. Very thin skin, will not ship well. Ripens early to middle July. No. 609—2 to 3 ft. No. 610—3 to 4 ft. No. 486—4 to 5 ft. No. 611—5 to 6 ft.

APRICOT TREES

The Apricot is one of the most delicious fruits, and is as

hardy as the peach and plum. Apricots have a tendency to bloom early, and get nipped by late freezes and frosts. However, the varieties we offer are late bloomers, and will usually bear a crop. Apricots seem to do better planted in the back yard, or somewhere where too much cultivation is not carried on. When they do make a crop, they make up for lost time. Try some.

✓ **Early Golden**—Medium size, orange yellow fruit; sweet, juicy with highly flavored, a fine variety for Southern plantings. No. 674—2 to 3 ft. No. 675—3 to 4 ft. No. 676—4 to 5 ft.

✓ **Moopark**—Large size, yellow with orange cheek. This is the variety largely grown in California for canning and drying. Well adapted for West Texas and New Mexico. No. 677—2 to 3 ft. No. 678—3 to 4 ft. No. 679—5 to 6 ft.

✓ **Supra**—A variety better adapted in Ozark section of the United States. Large, best quality, late season. No. 487—2 to 3 ft. No. 488—3 to 4 ft. No. 489—5 to 6 ft.

PLUM TREES

Next to the Peach, the Plum is the most important fruit for the South and Southwest. All of our plum trees are two years old, budded and grown on heavy, high land, and have a fine root system, as well as well-branched, sturdy tops. Most of these trees will bear the year following planting. Our plums are grown from buds taken from clean, healthy trees that we know and are true to name, as they have been bearing for years. In the varieties shown below, you will find varieties for all parts of the country, from Rio Grande Valley to the Northern part of the United States. If you are not certain what varieties will do the best in your locality, leave the selection up to us, and we will send you trees that will bear fruit in your locality.

✓ **Abundance (Japanese)**—Large, amber in color changing to red. Fruit clingstone, juicy and good. One of the hardest of the Japanese varieties. Ripens a week later than Red June. No. 612—2 to 3 ft. No. 613—3 to 4 ft. No. 614—5 to 6 ft.

✓ **America**—This is one of the very best plums for the South. Large, yellow, changing to red where exposed to the sun. Fruit productive. Ripens July. No. 615—2 to 3 ft. No. 616—3 to 4 ft. No. 617—5 to 6 ft.

✓ **Bruce**—This plum is large, planted in South Texas, as it seems to do better in that section than any other. Ripens early, large red, the quality ships extra well. No. 618—2 to 3 ft. No. 619—3 to 4 ft. No. 620—5 to 6 ft.

✓ **Blue Damsen**—Fruit large, dark purple, fine flavor, highly esteemed for preserving and jams. Ripens in August. No. 621—2 to 3 ft. No. 622—3 to 4 ft. No. 623—5 to 6 ft.

✓ **Burbank (Japanese)**—Fruit large, deep red overlying a yellow ground. Flesh deep yellow and very sweet. A prolific bearer and a cling. July. No. 624—2 to 3 ft. No. 625—3 to 4 ft. No. 626—5 to 6 ft.

✓ **Gold**—Fruit large, yellow with some red. Juicy, firm and of good quality. Tree is very productive. A good market variety. Ripens July. No. 630—2 to 3 ft. No. 631—3 to 4 ft. No. 632—5 to 6 ft.

✓ **Methley**—The earliest and best-flavored plum we grow. Ripens May 10th. Color bluish red and meat blood red. Fruit sells for \$3.50 per bushel on market when others bring \$1.00. No. 633—2 to 3 ft. No. 634—3 to 4 ft. No. 635—5 to 6 ft.

✓ **Shiro**—Large to medium size, large, oblong, clear yellow. Quality unsurpassed. One of the finest plums to grow in the South. Ripens last of June. No. 639—2 to 3 ft. No. 640—3 to 4 ft. No. 641—5 to 6 ft.

✓ **Six Weeks**—One of the earliest plums, ripens in early May. Bright red, juicy, brings good price on market, and is good for jellies and preserves. No. 642—2 to 3 ft. No.

643—3 to 4 ft. No. 644—5 to 6 ft.

Wickson—One of the most productive Japanese varieties; originated by Burbank. Fruit largest of this class; deep maroon. Flesh dull yellow, firm and of good quality. Good keeper and fine shipper. No. 645—2 to 3 ft. No. 646—3 to 4 ft. No. 647—5 to 6 ft.

HANSEN HYBRID PLUMS

The varieties of plums shown below were originated by Prof. E. N. Hansen, one of the leading horticulturists of the United States. The outstanding features of this plum are:

- (1) Very hardy; will withstand any cold or heat.
- (2) Very productive; bear every year.
- (3) Bear early, frequently set crop year planted.
- (4) Bloom very late; escapes frost.
- (5) Pick on tree, hard to blow off; therefore fine for West Texas.

If you have had difficulty growing good plums, try these; you will get plenty of fruit.

Compas Cherry—Cross between Cherry and Plum. Fruit dark red, almost black, good size. Sure bearer. Good quality and excellent for cooking, preserving, and jellies. Makes fine pies. No. 651—2 to 3 ft. No. 652—3 to 4 ft. No. 653—5 to 6 ft.

Opata—A beautiful sight when in bloom and is very fragrant. Fruit medium; purplish-red, splashed with green; flesh greenish in color and very pleasant in flavor. Clingstone. Ripens last of June and first of July. Tree hardy, spreading grower and bears quite well. No. 657—2 to 3 ft. No. 658—3 to 4 ft. No. 659—5 to 6 ft.

Sapa—Tree somewhat dwarfish, thrifty, and often sets fruit in the nursery row at one year. Fruit large, dark purple with greenish blotches; flesh rich, dark purple-red, of rich flavor and with small pit. Excellent for cooking purposes. Clingstone. Ripens last of July. No. 660—2 to 3 ft. No. 661—3 to 4 ft. No. 662—5 to 6 ft.

PEAR TREES

Pears are a sure crop in the South. Select varieties that will give you fruit for eating, canning and preserving from July until October.

Keiffer—Fruit large, skin golden-yellow with a slight blushed cheek. This variety keeps well and its quality is greatly improved if fruit is ripened in dark cool room. Tree a strong grower and fruit ships well. Matures from September to October. No. 690—2 to 3 ft. No. 691—3 to 4 ft. No. 692—5 to 6 ft.

Garber—One of the finest and most reliable pears for Southern planting. Large, clear yellow, heavy bearer. Fine market variety; unsurpassed for preserves. Ripens September and October. No. 693—2 to 3 ft. No. 694—3 to 4 ft. No. 695—5 to 6 ft.

Bartlett—One of the best varieties. Large size; yellow, juicy. Ideal for the home orchard as well as for marketing. An abundant bearer, ripening last of July and early August. No. 696—2 to 3 ft. No. 697—3 to 4 ft. No. 698—5 to 6 ft.

Le Conte—A bell-shaped yellow pear of good size. Flesh white, firm and juicy. Free, vigorous and bears young. Ripens last of July and early August. No. 702—2 to 3 ft. No. 703—3 to 4 ft. No. 704—5 to 6 ft.

Douglas—This pear is a big money-maker, and if planted extensively will re-establish the pear-growing industry in the South. Quality very finest, sweet, juicy, highly flavored and melting. Heavy bearer, blight-proof, ripens in July when pears bring a big price. Plant for home use and commercial orchard. No. 711—2 to 3 ft. No. 712—3 to 4 ft. No. 713—5 to 6 ft.

Pineapple—A strong vigorous grower which is very productive. Tree is practically blight-proof and has proven one of the very best for Southern planting. No. 699—2 to 3 ft. No. 700—3 to 4 ft. No. 701—5 to 6 ft.

APPLE TREES

Apples can be successfully grown in the Southwest, if the right varieties are grown. The varieties shown below will thrive and bear fruit all over the South and Southwest; be sure and plant several apple trees around your premises.

Arkansas Black—Dark red, almost black, one of the best for Pecos Valley and West Texas. Ripens in September and October. No. 714—2 to 3 ft. No. 715—3 to 4 ft. No. 716—5 to 6 ft.

Early Harvest—Medium size, bright straw yellow; tender, sub-acid, fine for eating and cooking. Ripens in May. No. 717—2 to 3 ft. No. 718—3 to 4 ft. No. 719—5 to 6 ft.

Florence Crabapple—This is the best crabapple for the South and Southwest. Medium size, yellow and red, very juicy and acid. Makes jelly known. Ripens in August. No. 720—2 to 3 ft. No. 721—3 to 4 ft. No. 722—5 to 6 ft.

Jonathan—Medium size, brilliant red and very juicy. Favorite everywhere. Ripens in September. No. 723—2 to 3 ft. No. 724—3 to 4 ft. No. 725—5 to 6 ft.

Red Delicious—This famous apple does well all over the South and Southwest. Large, juicy and highly flavored. Ripens in Fall. No. 726—2 to 3 ft. No. 727—3 to 4 ft. No. 728—5 to 6 ft.

Red June—Medium size, bright red, juicy, tart and good quality. Fine for eating and cooking; brings top market price. Ripens in June. No. 729—2 to 3 ft. No. 730—3 to 4 ft. No. 731—5 to 6 ft.

Winesap—A medium size, vivid red. An all purpose apple, ripening throughout fall. No. 732—2 to 3 ft. No. 733—3 to 4 ft. No. 734—5 to 6 ft.

Yellow Delicious—Very similar to Red Delicious but seems to bear better in some localities. Of the same high quality. Ripens in fall. No. 741—2 to 3 ft. No. 742—3 to 4 ft. No. 743—5 to 6 ft.

Yellow Transparent—Large size, red and yellow. Good quality, crisp, sweet and fine texture. Tree long lived and bears regularly. Ripens in September. No. 744—2 to 3 ft. No. 745—3 to 4 ft. No. 746—5 to 6 ft.

FIG TREES

Figs thrive in all portions of the Cotton Belt of the South as in no other section of the world; trees may be found growing in door-yards, near trash piles, in chicken runs, and near buildings in most luxuriant manner and producing enormous crops.

No home pantry is complete without canned and preserved Figs for winter use. Figs come into bearing very early. With proper spraying to hold leaves on, fruit may be had from May to November.

They require good fertilization, and do best on firm hard ground, kept free from all other growth.

Commercial Fig Growing is extending throughout the South. It may be planted 10 to 18 feet apart and the yield is heavy, thousands of pounds of fruit being produced per acre.

Brown Turkey—Probably the best fig for home use. Medium size, purplish brown, very sweet, highly flavored, and fine for eating fresh, with cream, or canned. No. 751—2 to 3 ft. No. 752—3 to 4 ft.

Celestial—Sometimes called Little Sugar Fig; the sweetest of all varieties. Ripens in mid-season. No. 756—2 to 3 ft. No. 757—3 to 4 ft.

Magnolia—Very large, greenish amber, very productive, but not quite so hardy as Brown Turkey. This is the Fig grown so extensively in South Texas for canning and shipping. A very sweet, luscious fig. No. 759—2 to 3 ft. No. 760—3 to 4 ft.

3 to 4 ft., Heavy, bearing-size trees that will bear first year.....	.85	8.00

A NEW FIG TEXAS EVERBEARING

This is an outstanding new introduction. The facts we set out below are from observation and reliable information, which we checked for correctness. This fig was brought to Mississippi a number of years ago by a Frenchman from the Old Country. Several years later he moved to Tarrant County, Texas, about 15 miles from Fort Worth. He grew it for a number of years around his place, and introduced it to the Nursery trade.

Facts About This Fig

(1) It is harder than any other variety known, and may be grown 100 miles further north than any other variety. (2) It is very large, as large as hen eggs. (3) Quality is unsurpassed. (4) Wonderfully productive. The owner of a one-acre orchard in Tarrant County in the summer of 1937 sold more than \$1000.00 worth of figs from his one acre. (5) Bears early. I saw cuttings that were planted in the nursery row in April with 18 well developed figs in August.

PERSIMMON TREES

Are destined to become one of the leading fruits of the Cotton Belt and lower South. This may seem an extravagant statement, but as soon as there is enough of the fruit on the market for the people to learn the richness and deliciousness, the demand will increase far in excess of the supply. Where the Persimmon is known on the market, it will have ready sale.

- ✓ **Vine Nashi**—The best known and most popular variety; large, conical, pointed. Early bearer, early ripening and productive. Seedless. No. 764—2 to 3 ft. No. 765—3 to 4 ft. No. 766—4 to 5 ft.
- ✓ **Yemon**—Large, flat, tomato-shaped. Somewhat four-sided. Skin light yellow changing to dull red, mottled with orange-yellow. Flesh deep, dull red, brown around the seeds of which there are usually a few. No. 9034—2 to 3 ft. No. 9035—3 to 4 ft. No. 9036—4 to 5 ft.
- ✓ **Eureka**—Soft fruit, can be eaten as a salad fruit. Hardy and bears profuse crops of fruits which look like big red tomatoes. Almost seedless. Bears in November and December. No. 496—2 to 3 ft. No. 497—3 to 4 ft. No. 498—4 to 5 ft.

GRAPE VINES

Grapes are easily grown; they produce a crop every year. The varieties we offer will thrive on any soil. There is always a ready market for whatever surplus you produce. By all means plant a few grapevines for home use, and, if possible, plant a vineyard to bring in ready money in the summer and early fall. Our vines are heavy, thrifty, two-year, ready to bear the first year. We prepay postage and express.

RIPENS IN JULY

- ✓ **Brilliant**—Vine strong grower; clusters large, color light to dark red, translucent with thin bloom; skin thin, tender; berries large and tender and delicious. Yields heavy. Ripens about July 1st. No. 820.
- ✓ **Concord**—This fine variety is still one of the best, and for looks, shipping quality, wine and jelly it cannot be beaten. Vine strong grower, heavy bearer, berry large, black. Ripens about July 25th. No. 821.
- ✓ **Niagara**—A vigorous, healthy grower. Large cluster, and berry very large, clear white, of fine quality, ripens about July 20th. No. 822.
- ✓ **Delaware**—Berry bright red, juicy and of high flavor. Succeeds well in South and does not rot. Ripens about July 15th. No. 823.
- ✓ **Carmen**—One of the most prolific and popular varieties; splendid for table or for wine, grape juice, preserves and jelly. Cluster very large, sometimes weighing two pounds; shouldered; very compact. Berry medium size; black with thin bloom. Skin tough, thin, never cracks; pulp meaty, firm, but tender when fully ripe; splendid quality. Ripens in July. No. 824.

RIPENS IN SEPTEMBER

Thompson Seedless—Bunches very large; berries medium size, oval, greenish-yellow, seedless, fine flavor. Valuable for table, shipping or for making seedless raisins. No. 830.

BERRY VINES

BLACKBERRIES AND DEWBERRIES

- The one sure crop berry for the South. You cannot buy good berries to eat. If you want them, you must raise them. Plant the following splendid varieties for sure results.
- ✓ **No. 82 Austin**—Planted in Texas, more extensively than any other berry. Very reliable. Berry large, jet black, sweet and delicious and always makes a crop. Ripe in May and June.
- ✓ **No. 873 Early Harvest**—This is one of the best early blackberries grown in the Southwest. It has a perfect flower.
- ✓ **No. 874 McDonald**—This appears to be a hybrid of a blackberry and dewberry. Large and of good quality. Earliest of all blackberries and begins ripening very few days after the Austin dewberry.
- ✓ **No. 875 Dallas**—This is one of the most sure of all blackberries and endures Texas climate well. Ripens after Mc-

Donald and before the Robison. Has rather drooping vine, thorny, very productive, medium size berry of fine quality.

OTHER DEWBERRIES AND BLACKBERRIES

- ✓ **No. 878 Thornless**—This is a sport of the Austin Dewberry, bearing berries as large in size and in great quantity, quality of flavor about the same. Otherwise like the Austin except as the name indicates, it is without thorns, which makes it quite desirable.
- ✓ **No. 879 Lucretia**—An extra fine berry for the Panhandle and the Northern part of Oklahoma, Kansas, etc. Berry large, black, sweet and luscious, an old standby.

100 plants for	3.15

BOYSENBERRIES

- ✓ **No. 881 Immense New Boysenberry**—Cross between blackberry, raspberry and loganberry. Large berry, 1½ inches long, 1 inch diameter, delicious flavor, resembling raspberry; very sweet and juicy, no sugar required. Bears 8 to 10 weeks during summer and fall. Will stand 15 degrees below zero. Very drought resistant. All in all, we think the largest and most delicious berry ever introduced. Does exceptionally well all over the South.
- Price: No. 1 strong plants, 25c each; 10 for \$1.95; 100 for \$16.25.

YOUNGBERRIES

- ✓ **No. 882 Youngberry**—This remarkably productive new berry is about one inch long, dark purple color, with a delicious flavor of raspberry and dewberry. Very heavy bearer; plants produce year after planting. It is adaptable to all and any kind of soil.

STRAWBERRY PLANTS

- Varieties we quote below are the best for the South. Select varieties so that you may have berries from April until killing frost.
- ✓ **No. 866 Aroma**—(Standard). Perfect flowering. A splendid late berry; large, deep red, and of excellent flavor. The skin is somewhat tougher than the early varieties and the flesh is firm, making it a good market sort.
- ✓ **No. 867 Improved Klondike**—(Standard). Perfect flowering. The leading variety for the Southwest. One of the earliest, a good producer, and valuable for market or for home use.
- ✓ **No. 868 Missionary**—The best berry for South Texas, South Louisiana, and the warmer sections of the country. Very prolific, good size, good quality and medium early.
- ✓ **No. 869 Blakemore**—The U. S. Department of Agriculture originated this berry. Twice as productive as Missionary and Klondike; larger fruit, an excellent flavor. Fine for home use, and the most profitable berry for the South.

ORNAMENTAL TREE DEPARTMENT

FLOWERING TREES

In the long succession of colorful pictures that are presented in our Southern Gardens, the most impressive are those provided in February, March and April by Flowering Trees. Blooming before the appearance of foliage, as most of them do, their clear tones of color afford boundless opportunities for the creation of lovely garden scenes. Their graceful branches are exquisitely beautiful, either spread against backgrounds of sober evergreens, or matching their brilliant colors with beds of gay tulips, daffodils and other early flowers.

No. 9046 Purple Leaf Plum (*Prunus pissardi*)—Small trees with purplish-red foliage. Pink flowers in great profusion in early spring before foliage appears. Price, 4 to 5 ft. trees, 80c each.

No. 4658 Long-clustered Golden-chain (*Laburnum Vossii*)—A small tree with green bark and foliage like exaggerated clover leaves. Flowers are pure golden yellow and formed in long racemes like Wisteria. Very beautiful and still very rare. Price, 4 to 5 ft. trees, \$2.50 each.

No. 4667 Mimosa or Silk Tree (*Albizia Julibrissan*)—One of the most handsome and ornamental of all flowering trees; tropical-like foliage with large flat rose colored flowers quite hardy. Price, 2 to 4 ft. trees, 45c each; 4 to 5 ft. trees, 75c each.

MAGNOLIA

Magnolia Grandiflora (Southern Magnolia)—Majestic tree with large thick leaves of glossy green; beautiful white flowers with heavy fragrance. No. 9047—18 to 24 inches, \$1.50 each; No. 9048—2 to 3 feet, \$2.00 each; No. 9049—3 to 4 feet, \$3.25 each.

RED BUD

This lovely and popular shrub can now be bought at such reasonable prices that everyone should plant masses of them about their premises.

No. 1156—2 to 3 feet, 15c each; 10 for \$1.35; 100 for \$12.00.
No. 1157—3 to 4 feet, 39c each; 10 for \$3.65; 100 for \$31.25.
No. 1158—4 to 5 feet, heavy well branched, blooming size plants, 69c each; 10 for \$6.50.
No. 2000—5 to 6 feet, extra good caliper and heavily branched blooming size plants; 89c each; 10 for \$8.25.
No. 1293—6 to 8 feet, Tree size, splendid large trees for immediate effect. Price each \$1.69; 10 for \$15.00.

FLOWERING PEACHES

These flowering peaches are similar to fruiting peach trees, but are more dwarf growing. Flowers are very pink, resembling small roses.

No. Pink Flowering Peach—Double, bright pink flowers. No. 9037—2 to 3 ft. No. 9038—3 to 4 ft. No. 9039—4 to 5 ft. Red Flowering Peach—Double, bright red flowers. No. 9040—2 to 3 ft. No. 9041—3 to 4 ft. No. 9042—4 to 5 ft. White Flowering Peach—Double, white flowers. No. 9043—2 to 3 ft. No. 9044—3 to 4 ft. No. 9045—4 to 5 ft. Prices on above flowering peaches: 2 to 3 feet, 49c each; 3 to 4 feet, 69c each; 4 to 5 feet, 89c each.

SHADE TREES

Here in the South and Southwest, where the sun does get hot, shade trees are a necessity. We are showing varieties best suitable for all locations, climates and purposes.

ARIZONA ASH

One of the most beautiful of all shade trees. Clean growth holds foliage until nearly Christmas, no leaf-littered lawn. Trunk very straight, foliage dark green, very glossy and beautiful. Recommended for extensive planting in Gulf States. Unexcelled for West Texas, New Mexico, Panhandle and Western Oklahoma planting. El Paso has adopted this tree as the universal street tree.

No. 9062—4 to 5 feet, 85c each.
No. 9063—5 to 6 feet, \$1.15 each.
No. 1242 Osage Orange (*Maclura Pomifera*)—Attains height

of sometimes to 60 feet, with furrowed dark orange-colored bark. Bears round green fruit from 4 to 6 inches across, ripening in Autumn and soon falling. Can be trained as a hedge. Very hardy in this section. Price for 2 to 4 ft. plants, 39c each.

No. 1300 Tulip Tree—A tall, robust tree of magnificent appearance. Leaves of unusual form. The blossoms are tulip-like in shape and size. Very showy. Price for 2 to 3 feet trees, 39c each; 10 for \$3.50.

No. 1245 Western Catalpa—Conspicuous because of its large, broad leaves and massive panicles of white, fragrant flowers. Extensively used for timber plantings. As the wood is very enduring in the ground, it makes fine fence posts, and should be planted on every farm for this purpose. 2 to 4 ft., 50c each; 6 to 8 ft. heavy, \$1.25 each.

No. 1246 Umbrella Catalpa (*Catalpa Bungei*)—Foliage large and glossy. Top grafted on tall stems it forms a perfect umbrella shaped head and makes an effective tree for formal planting. Price 2-year head, 5 to 6 ft stem \$2.15 each.

No. 1250 White Dogwood—This is the large flowering white Dogwood in tree size for immediate effect in landscapes. Size 6 to 8 ft. Well branched, \$1.50 each.

It takes lots of hard work to plant and care for trees. Plant good stock for best results. We pay transportation charges on everything shown in this catalog, be sure to figure this in when comparing prices.

CHINESE ELM

We are offering this year our Chinese Elms at bargain prices as we have a big block of them that we want to move this season. For the best all-round shade tree, you can't go wrong buying Chinese Elms.

	Each	10	100
No. 4719—4 to 5 feet	\$.49	\$4.25	\$35.00
No. 4720—6 to 8 feet	.69	6.25	55.00
No. 4721—8 to 10 feet	.99	9.25	85.00

CHINA TEXAS UMBRELLA

A dense spreading canopy topped tree which does not attain great height but with wide-spreading branches. Fragrant purple flowers are borne in Spring, followed by numerous creamy yellow berries.

No. 1302—3 to 4 feet, 39c each; No. 1303—5 to 6 feet, 95c each.
No. 4723 Black Locust—Popular for shade in West and Southwest, as it endures long drought. Foliage lacy and fresh green; flowers white and sweet scented. Price for 8 to 10 feet, well-balanced tree, 95c each.

No. 2001 White Ash—Large rapid growing tree with rounded head and dark green foliage. Drought resistant. Grows to 120 feet; 3 to 4 ft., 75c.

No. 1299 Sycamore (*Platanus Occidentalis*)—Large rounded top tree with light colored bark, broad leaves. Attains height of from 130 to 170 feet. 8 to 10 ft tree for immediate effect, \$1.75.

No. 1279 Russian Mulberry—A very hardy drought resisting tree with thick, waxy leaves and make excellent shade in the driest sections of the country. 2 to 4 ft trees, 35c each.

No. 2002 Green Ash—Similar to White Ash, but does not grow but about half as tall. 4 to 5 ft. trees, 69c.

No. 2003 American Elm—America's best street tree. Drought resistant and grows to 120 feet. 3 to 4 ft. trees, 69c.

LOMBARDY POPLAR

Tall, slender, columnar tree, excellent in landscape work. No. 1289-A: 4 to 6 ft @ 35c each; 10 for \$2.75.

No. 1289-B: 6 to 8 ft. @ 55c each; 10 for \$4.50.

No. 1289-C: 8 to 10 ft @ 75c each; 10 for \$6.50.

No. 1289-D: 10 to 12 ft. @ \$1.35 each; 10 for \$11.25.

BOLLE'S POPLAR (Bolleana)

Rapid growing columnar tree with silvery foliage. Same as Lombardy except for the silvery foliage.

No. 1286-A: 4 to 6 ft. @ 35c each; 10 for \$2.75.

No. 1286-B: 6 to 8 ft. @ 55c each; 10 for \$4.50.

No. 1287-C: 8 to 10 ft. @ 75c each; 10 for \$6.50.

No. 1288-D: 10 to 12 ft. @ \$1.35; 10 for \$11.25.

SHRUBS—FLOWERING AND ORNAMENTAL

No. 1064 Almond, Pink Flowering—Dwarf growing, blooms very early. Pink flowers. Price: 8 to 24 inch plants, 65c each.

No. 1065 Almond, White Flowering—Dwarf growing, blooms very early. Pink flowers. Price: 18 to 24 inch plants, 65c each.

No. 1066 Althea, Alplissima—Double red.

No. 1067 Althea, Anemoneflora—Double pink.

No. 1068 Althea, Ardens—Double violet.

No. 1075 Althea, Jean de la Roche—Double pure white.

No. 1076 Althea, Rubis—Single red.

No. 5000 Althea, Totus Albus—Single, pure white.

Price on above Althea: Strong, bushy 2 to 3 ft. plants that will bloom the first year, each 35c; 10 for \$3.25.

No. 1084 Bird of Paradise—A fast growing, profuse blooming shrub. Splendid for Southern planting. Has large yellow

- and red flowers, with striking gray-green foliage. Does well everywhere. Heavy blooming-size plants, 3 to 4 ft.: each, 45c.
- No. 1088 **Butterfly Bush, Magnifica**—Graceful arching branches covered with lavender-purple flowers with yellow eye. Price: 2-yr. No. 1 plants, 45c each; 10 for \$4.25.
- No. 1089 **Butterfly Bush, Ile de France**—Claret-purple, long stems. Excellent for cutting, best of all Butterfly bushes. Price: 2-yr. No. 1 plants, 75c each; 10 for \$7.00.
- No. 1091 **Coralberry**—Graceful, slightly drooping shrub; purplish-red berries all winter. Foliage lovely green all summer. One of the best low shrubs for planting near trees. Price: 18 to 24 inch plants, 29c each; 10 for \$2.65.
- No. 1093 **Red Chokeberry**—A good shrub with fine green leaves. Gaily colored in Autumn. White flowers and masses of red berries. Price: 18 to 24 inch plants, 45c each; 10 for \$4.15.
- No. 1095 **Crape Myrtle, True Watermelon Red**—A real bright red. Unusually attractive. 12 to 18 inch. 25c each; 10 for \$2.25.
- No. 1096 **Crape Myrtle, True Watermelon Red**—A real bright red. Unusually attractive. 2 to 3 feet, 49c each; 10 for \$4.45.
- No. 1097 **Crape Myrtle, Pink**—A clear bright pink. Very lovely. 12 to 18 inches, 25c each; 10 for \$2.25.
- No. 1098 **Crape Myrtle, Pink**—A clear bright pink. Very lovely. 2 to 3 feet, 49c each; 10 for \$4.45.
- No. 1099 **Crape Myrtle, Lavender**—A good clear lavender-purple, and one that you will like. 12 to 18 inch, 25c each; 10 for \$2.25.
- No. 1100 **Crape Myrtle, Lavender**—A good clear lavender-purple, and one that you will like. 2 to 3 feet, 49c each; 10 for \$4.45.
- No. 1101 **Crape Myrtle, White**—Lovely white flowers in profusion throughout the season. A strong grower, 12 to 18 inch, 25c each; 10 for \$2.25.
- No. 1102 **Crape Myrtle, White**—Lovely white flowers in profusion throughout the season. A strong grower, 2 to 3 feet, 49c each; 10 for \$4.45.
- No. 1104 **Cydonia Japonica** (Flowering Quince or Flowering Japanese Quince)—In early spring a mass of vivid red flowers before foliage appears. Our plants are cutting-grown, sure to bloom red. 12 to 18 inch plants; each 39c; 10 for \$3.35.
- No. 1110 **Blood Twig Dogwood**—Dark green foliage, creamy white flowers. Blue-black berries in fall, bright red bark lends cheer in winter. Price for 2 to 3 feet plants, heavy, 59c each.
- No. 1106 **Dogwood, White Flowering**—A very distinctive and lovely shrub when in full flower. Price for 2 to 3 feet plants, heavy, 59c each.
- No. 1111 **Deutzia, Double White**—Tinted soft rose. Very first to bloom in Spring. Price for 2 to 3 feet plants, 49c each.
- No. 1112 **Deutzia, Double Pink**—Same as above, except lovely double pink flowers. Price for 2 to 3 feet plants, 49c each.
- No. 1114 **Elder, Golden**—Hardy rapid growing shrub. Bright golden yellow foliage. Price for 18 to 24 inch plants, bushy, 49c each.
- No. 1116 **Elaeagnus, Augustifolia, Russian Olive**—Very hardy shrub. Gray-green foliage, fine for West Texas. Price for 2 to 3 feet plants, bushy, 59c each.
- No. 4630 **Gardenia Florida** (Cape Jasmine)—Hardest of all Cape Jasmynes. Flowers are large pure white, highly scented. Dark green, glossy leaves. Price for 12 to 18 inch plants, 55c each.
- No. 4631 **Gardenia Florida** (Cape Jasmine)—Same as above, except with bushy plants that bloomed in field last year. Balled and burlapped. Price each, \$2.50.
- No. 4632 **Gardenia Veitchii**—The most lovely of all Gardenias, and the variety most generally grown in greenhouses for floral work. Flower is pure white, fully double, and will stay white for a long time. Begins flowering when very young; blooms more or less throughout season. Price for well pincher plants from 5-inch pots, 12 to 15 inches tall, \$1.75 each.
- No. 1122 **Golden Bell** (Forsythia Intermedia)—Early in Spring, covered with profusion of deep yellow flowers. Price for 2 to 3 feet plants, 49c each.
- No. 1123 **Golden Bell, Weeping** (Forsythia Suspensa)—Yellow flowers in profusion in May. Bushy, 2 to 3 feet plants. Each, 49c.
- No. 4645 **Holly, American** (Ilex Opaca)—Grown from grafts taken from known berry-bearing plants, guaranteed to bear berries. Price for 12 to 18 inch plants, 45c each.
- No. 5001 **Holly, Yaupon** (Ilex Vomitoria)—Our plants propagated strictly by cuttings from known berry-bearing plants. Price for 12 to 18 inch plants, 55c each.
- No. 1131 **Hydrangea, Snowhill**—Double white ball-shaped flowers in profusion in May. Bushy plants, 12 to 18 inches tall. Each, 59c.
- No. 1132 **Hydrangea, Paniculata Grandiflora**—Very showy cone-shaped flowers, tinted pink. Strong plants, 12 to 18 inches tall. Each, 59c.
- No. 4674 **Jasmine, Pink** (Jasminum Stephenense)—A new Jasmine with very fragrant light pink flowers, 1 inch in diameter. Hardy to Washington, D. C. Price for 18 to 24 inch plants. Each, 65c.
- No. 1138 **Jasmine, Winter**—Graceful, low spreading shrub. Bright yellow flowers in late winter. 2 to 3 feet, bushy plants. Each, 59c.
- No. 1139 **Lilac, Common Purple**—This variety is generally grown everywhere and does well. Price for 2 to 3 feet, heavy plants. Each, 49c.
- No. 1144 **Lilac, White**—Like the above except pure white. Price for 2 to 3 feet, heavy plants. Each, 49c.
- No. 1145 **Lilac, Chinese** (Syringa Rothomagensis)—Broad large clusters of deep rich rose flowers. Makes very showy specimen. Price for 2 to 3 feet bush plants, each, 69c.
- No. 1149 **Mock Orange** (Philadelphus Grandiflora)—Very large white flowers in May. 2 to 3 feet plants, 49c each.
- No. 1150 **Mock Orange** (Philadelphus Virginalis)—Large white flowers, yellow stamens, sweet scented. 2 to 3 feet plants, 59c each.
- No. 1154 **Pomegranate, Red Flowering**—Clean dark green foliage, blood red flowers followed by large red fruit. Strong 2 to 3 feet plants, 49c each.
- No. 1159 **Rose Acacia**—This charming shrub is very popular because of its abundance of large, pink pea-like flowers. Covers 6 to 10 feet tall. Price, 2 to 3 feet heavy blooming size plants, 49c each.
- No. 1161 **Smoke Tree** (Purple Fringe)—Much admired for its curious fringe of hair-like flowers that cover plant entirely in summer. Price, 2 to 3 feet heavy plants, 59c each.
- No. 1082 **Japanese Barberry** (Berberis Thunberg)—Low growing, small leaves which turn yellow in Fall; red fruits. Price for 12 to 18 inch plants, 29c each.
- No. 1162 **Snowball, American**—The old-fashioned Snowball that flowers so abundantly. Blooms in April. 2 to 3 feet heavy plants. 69c each.
- No. 1163 **Snowball, Japanese**—Large, pure white double flowers, globe-like form, much improved over common snowball. Price 18 to 24 inch heavy plants, 69c each.
- No. 1164 **Snowberry**—Rose colored flowers in June, followed by large white berries. A very graceful plant. 2 to 3 feet plants, 49c each.
- No. 1165 **Spirea, Crimson** (Anthony Waterer)—Dwarf growing shrub with crimson red flowers. Very ornamental. 18 to 24 inch plants, 49c each.
- No. 1167 **Spirea, Bridal Wreath**—The true old-fashioned Bridal Wreath so much planted and admired in old-time gardens. 18 to 24 inch plants, 49c each.
- No. 1169 **Spirea, Thunberg**—Graceful, arching branches covered with small pure white flowers. Very first to bloom in the Spring. 2 to 2½ feet plants, 49c each.
- No. 1170 **Spirea, Van Houtte**—Graceful plants with abundance of snowy white flowers in clusters. 2 to 3 feet plants, 49c each.
- No. 1172 **Sumac, Fragrant**—Low splendid shrub, clusters of small yellow flowers and coral red berries. Very fragrant. 2 to 3 feet plants, 49c each.
- No. 1173 **Sweet Shrub** (Calycanthus Floridus)—Dark green foliage, chocolate colored flowers in early Spring. Price for 18 to 24 inch plants, 49c each.
- No. 1174 **Tamarix**—Deep rose pink flowers, gray-green foliage. The best of all. Price 2 to 3 feet bushy plants, 49c each.
- No. 1178 **Vitex Improved Chaste Tree**—Deep blue flowers borne in profusion throughout the Summer. Stands drought well. 18 to 24 inch plants, 59c each.
- No. 4710 **Viburnum, Burkwood**—This is probably the most valuable novelty in the flowering shrubs that has appeared for several years. This is a very hardy evergreen shrub, hardy to Canada, an improvement of Viburnum Carlesii. Attains height of six to seven feet, bearing very fragrant white flowers, tinted pink, in large heads 4 inches broad, and containing as many as 250 individual flowers. Plant has rich, glossy-green foliage, turns purplish-bronze in winter. An outstanding evergreen blooming shrub that has everything. Price for 18 to 24 inch plants, balled and burlapped, \$4.00 each, prepaid.
- No. 1180 **Wayfare Tree** (Viburnum Lantana)—Attractive shrub with white flowers in May followed by red berries. Price for 12 to 18 inch plants, 49c each.
- No. 1183 **Weigela, Red** (Eva Rathke)—Rich ruby red flowers. Blooms in Spring and again in the Fall. 18 to 24 inch plants, 59c each.
- No. 1184 **Weigela, Pink**—Showy rose pink flowers. Produces freely. 2 to 3 feet plants, bushy, 49c each.
- No. 1083 **Kerria Japonica**—Attractive flowering shrub, with pure deep yellow flowers about the size of small roses. Price, strong 18 to 24 inch plants, 69c each.

- No. 1086 **Exochorda** (Pearlbush)—Beautiful shrub with light green foliage, pear-like buds, open into pure white fragrant wax flowers. Price for 2 to 3 feet plants, each 65c.
- No. 1090 **Hypericum** (Golden St. John's Wort)—Dark glossy foliage, bright yellow flowers about size of silver dollar in July. Price for 12 to 18 inch plants, 59c each.
- No. 1091 **Kolwitzia** (Beautybush)—Shrub of graceful habit, with funnel-shaped pink flowers in profusion. 18 to 24 inch plants, 69c each.
- No. 1360 **Pampas Grass**—This is the true Argentine Pampas Grass that does so well over the South, but is not hardy north. Lovely foliage, beautiful long silvery plumes. Price for 1-year small divisions, 45c each.
- No. 1361 **Pampas Grass**—Same as above except heavy clumps for immediate effect. Each, 75c.

FRENCH LILACS

The new French Hybrid Lilacs we offer are a great improvement over the old varieties. Our list is selected to give as great variation in type and color as possible. Each variety is outstanding in its class. Price for 18 to 24 inch plants, each 75c; 10 for \$6.95.

- No. 401 **BELLE DE NANCY**—Double, rose-pink.
- No. 402 **CHARLES JOLY**—Double; purplish-red.
- No. 403 **CHARLES X**—Single, reddish-purple.
- No. 404 **CLAUDE BERNARD**—Semi-double, bright lilac.
- No. 405 **DR. BREITSCHNEIDER**—Double, cream-white.
- No. 406 **JEAN MACE**—Double, bluish-mauve.
- No. 407 **MARIE LEGRAVE**—Single, pure white.
- No. 408 **MAURICE BARRÉS**—Single, pale lilac.
- No. 409 **PRESIDENT GREVEY**—Double, soft blue.
- No. 410 **REAMUR**—Single, purplish-carmine.

FRENCH HYDRANGEA

This is the Hyrangea with large flower heads in pink, blue or red, so widely planted throughout the South. Nothing makes a more beautiful flowering plant, and they are very long-lived. There are no varieties that are a natural blue, but they can be made blue, by making soil acid. This can be done by adding Aluminum Sulphate to soil. Price for roots with 2 or more flowering shoots, 4 inches long that will bloom first season. Each, 75c; 3 for \$2.00.

- No. 411 **AM PASQUAAR**—Red, early bloomer.
- No. 412 **GEISELHER**—Carmine Red, mid-season bloomer.
- No. 413 **HOLLANDA**—Salmon Red, late bloomer.
- No. 414 **JOHN SAVAGE**—Dark pink, late bloomer.
- No. 415 **MEIN LIEBLING**—Dark pink, early bloomer.
- No. 416 **WILLKOMMEN**—Bright pink, early bloomer. Blues easily.

AZALEAS

Azaleas, contrary to general belief, are by no means hard to grow, provided certain requirements are fulfilled. They may be grown without difficulty in all Gulf Coast regions, and the Atlantic Coast, as far north as North Carolina. The following varieties are the outstanding ones of their color:

- No. 4620 **Pride of Mobile**—Lovely watermelon pink, flower very large. Large leaves, vigorous grower, one of the very best.
- No. 4621 **Pride of Dorking**—Brilliant cerise red, a clear, striking, pure red, compact grower.
- No. 4622 **Prince of Orange**—Flower large, dark orange red. One of the richest colored of all Azaleas.
- No. 4623 **Gulf Pride**—Flower medium to large, and a most charming light purple color; very hardy and stands cold exceptionally well.
- No. 4624 **Rose Purpurea**—Wine red color; a magnificent, outstanding variety.
- No. 9064 **Flag of Truce**—Full double white with waved petals; a dazzling beauty.
- No. 4625 **Criterion**—White ground, well marked with wide pink stripes.

Price for all Azaleas listed above; 10 to 12 inch, 2-year plants with buds, \$1.25 each.

INSTRUCTIONS FOR GROWING AZALEAS

1. Provide acid soil, use plenty of leaf mold (oak leaves most desirable), pond muck or peat moss.
2. Lime on alkaline soil is poisonous; remove such soil to depth of two feet and fill in with acid soil, about one-third each leaf mold, good loam and peat moss. To this, add one 4 inch pot of Aluminum Sulphate to wheelbarrow of soil.
3. Keep well watered always; spray foliage often.
4. Provide good drainage; fix in bottom of bed 10 inches with crushed brick, steel shavings, scrap iron, old bones, etc.
5. Fertilize lightly, or not at all, using Vigoro or well decayed cow lot fertilizer in small amounts.

CAMELLIA

Also known as "Japonica" in the South. Similar in cli-

matic and soil requirements to Azalea. Flowers of great beauty; fully double.

- No. 4626 **Alba Pleno**—One of the best and most widely known Japonicas; fully double, large pure white.
- No. 9058 **Moss Point Variegated**—Pink and white variegated peony-form flower. Flower ball-shaped or globular. A rapid grower, with large glossy, dark green leaves.
- No. 9059 **Pink Perfection**—The most universally popular of all camellias. The medium-sized double wax-like flowers, of perfect symmetry and exquisite texture, are a delicate shell pink. Blooms profusely from November to March, and begins blooming when quite young.
- No. 4629 **Prof. Sargent**—Fully double, peony-form; color dark red. Glossy, round, thick leaves. An outstanding beauty.

Prices on above Camellias, 12 to 18 inch plants, each \$1.50.

HEDGE PLANTS

The hedge is more than its own excuse for being; it justifies its existence in various ways. Around the small yard of a cottage or the formal terrace of a city home, the Amur River Privet, or Arborvitae can be trimmed and kept in scale with the size of the lawn. If there is an ill-kept lot adjoining, or the rear room is near the street, then let your Amur hedge grow rankly.

A hedge may serve to shield from view the chicken yard or the family wash, or suggest to the children that the playhouse yard must end where a neighbor's lawn begins.

Amur River Privet (*L. Amurensis*)—Most popular and best hedge for the South. Very beautiful evergreen, dense in growth, dark in color. Very hardy and well adapted to general planting. Exceedingly beautiful and permits shearing to any height or shape.

Price, for strong plants:	10	50	100
No. 1185—12 to 18 inch	\$65	\$3.00	\$5.65
No. 1186—18 to 24 inch	\$85	4.00	7.25
No. 1187—2 to 3 feet	1.15	5.25	9.75

California Privet—This beautiful hedge plant has a larger leaf than Amur Privet, and is very beautiful in summer and late, lending itself admirably to shearing. However, we do not consider it as useful for planting in the South as Amur River because it loses some of its foliage in the winter, whereas, Amur River Privet will look pretty the year round.

Price:	10	100
No. 1188—18 to 24 inch	\$90	\$3.00
No. 1189—2 to 3 feet	1.15	10.00

No. 1194 **Lodense Privet**—This is a dwarf, compact hedge plant evergreen, suitable for low hedge, edging, cemetery lots, etc. May be sheared any form, but forms a natural compact plant without any attention. 6 to 9 inch plants, 15c each; 10 for \$1.45; 50 for \$7.00.

No. 1417 **Ligustrum Lodense**—A low dense growing evergreen suitable for low compact hedge or may be sheared into specimen plants, 9 to 12 inch plants, 29c each; 10 for \$2.50.

CLIMBING VINES

Below we present a complete list of the best climbing vines for use in the South and Southwest. The beauty of any home may be greatly increased by the careful use of these climbing vines.

- No. 1196 **Bignonia Radicans** (Trumpet Vine)—Trumpet-shaped scarlet flowers in summer. Blooms persistently, very hardy. Price 39c each, 2-yr. No. 1.
- No. 1201 **Boston Ivy** (*Ampelopsis Veitchii*)—A vine that covers with overlapping foliage; self-climbing and will adhere closely to the smoothest surface. Leaves a deep green changing to crimson and yellow in autumn. When once established requires no further care. Ideal for planting on stucco and brick walls. Price 2-year plants 45c each.
- No. 1202 **Carolina Jasmine**—This beautiful evergreen climbing vine has bright green foliage the year round, and is covered in the early spring with sunflower yellow flowers about the size of a 25c piece; of wonderful fragrance. If you have never tried this splendid climbing evergreen there is a rare treat in store for you. 2-year plants, heavy, 79c each.

LARGE FLOWERING CLEMATIS

This is the aristocrat of all climbing vines, and in our opinion, nothing is more beautiful than Clematis Jackmanii in full bloom. Every homeowner should plant a few of these large, flowers.

No. 1204 **Jackmanii**—Deep velvety purple flowers, large size.

No. 1205 **Henryi**—Creamy white flowers.

No. 1206 **Mme. Edouard Andre**—Large crimson red flowers.

No. 1207 **Ramona**—Now lovely light blue.

Two-year blooming size plants, each 89c; 5 for \$4.25.

No. 1210 **Clematis Fancifula** (Sweet-scented Clematis)—Flowers small, star-shaped; white in color and produced in

enormous quantities. Very fragrant and easily established. 2-year plants, 45c each; 10 for \$4.25.

HONEYSUCKLE

This old favorite still retains its deserved popularity. It is evergreen in the South. Makes a good climbing vine or can be used as a screen or a hedge. Delightfully fragrant flowers.

- No. 1214 Hall's (*Lonicera Halliana*)—Strong growing honeysuckle that is almost evergreen. Its flowers are white changing to yellow and very fragrant.
- No. 1215 Scarlet Trumpet (*Lonicera Sempervirens*)—A brilliant variety with trumpet-shaped flowers of bright scarlet. Valuable for use on porches and trellis. Prices on above Honeysuckle. Each 29c; 10 for \$2.75. postpaid. 2 yr. plants.
- No. 9060 Gold Flame Honeysuckle—Everblooming trumpet-shaped flowers. Fragrant, bright red outside, yellow inside. Hardy. Price for 2-year No. 1 plants, each 75c; 10 for \$7.15.
- No. 1220 Kudzu Vine—The strongest growing climber we know of. It will grow 60 ft. in one season. Has no equal for covering large space in short time. Price strong 2-year plants, 39c each.

QUEENS WREATH

One of the loveliest climbing vines for the whole South and all stand year around. Grows fast, affords dense shade, and in the fall is covered with the glowing rose-pink flowers of rare beauty. Dies down each year, but comes back stronger the next.

- No. 1226—2-year plants, 25c each; No. 1227—3-year strong plants, 35c each; No. 1228—3-year extra heavy plants, 45c each.
- No. 1229 Virginia Creeper (*Ampelopsis Quinquefolia*)—Large green leaves changing to crimson in the fall. Requires no support and is suited for covering tree trunks and walls. Price each 39c; 2-yr. No. 1.

CONIFERS AND BROADLEAF EVERGREENS

The list of Ornamental Evergreens we offer is quite complete; varieties for every section in the South, Southwest and Gulf Coast sections. The plants we list are young stock, full of life and vigor. They are shipped balled in damp sphagnum moss. Plant carefully day received. Remove moss before planting. Water well. Stake to keep wind from blowing plants around. You will get a lot of pleasure and satisfaction watching these young plants grow and develop into lovely specimens. The very best plants for general beautification of home, we think are as follows: Bakers Arborvitae, Pfizers Juniper, Yellow Jasmine, Abelia, Waxleaf Ligustrum. These should be planted around the house as foundation planting. Arizona Cypress is the best all around evergreen to plant on the lawn as specimen, or for background.

- No. 4751 Abelia Grandiflora—This is the old, well-known Abelia that is so useful in landscape work, and so generally planted throughout the South. 18 to 24 inch plants, bushy, 55c each.
- No. 1371 Bakers Arborvitae—For a tall, pyramidal symmetrical evergreen, this is the best one for the South. Plant at entrances, in background of other lower growing evergreens, as lawn specimens, etc. Price, 12 to 18 inch, each 59c.
- No. 1372 Berkman's Golden Arborvitae—A dense, cone shaped medium height evergreen, with green and gold foliage. Used extensively in Southern plantings. Price, 12 to 14 in., 59c each.
- No. 1375 Globe Arborvitae—This is a dwarf, round dark green dense foliage, evergreen. Used for planting in front of higher evergreens, also in urns, and in cemeteries. Price, 8 to 12 inch plants, 59c each.
- No. 1383 Red Leaved Barberry—The leaves intense purple-red. Outstanding accent plant. Evergreen in the South. 12 to 18 inches, 55c each.
- No. 1389 Cedrus Deodara—(Himalaya Cedar)—This is one of

the most beautiful and stately of all evergreens. Light green feathery foliage, slightly drooping. Fine specimen, or lawn evergreen. Price, 12 to 15 inch plants, 89c each.

- No. 1390 Cherry Laurel—A very hardy, rather large growing ever-green, dependable evergreen for the South, Southwest and the West. Price, 12 to 18 inch plants, 79c each.
- No. 1395 Italian Cypress—Tall, symmetrical, stately evergreen of picturesque beauty. Plant against tall buildings, at corners, against chimneys, columns, etc. Price, 2 to 3 ft., \$1.15 each.
- No. 1396 Eleagnus Pungens—Foliage bronzy-green on top, silver beneath. Yellow flowers in spring, plum-shaped fruits; sometimes in abundance, and fine for jelly. Price, 12 to 18 inch plants, 59c each.
- No. 1397 Euonymus Japonica—Lovely, dark green glossy leaves. Very dense, and may be sheared to suit. Planted as low hedge, or as specimens. A fine plant for the South. Good 12 to 15 inch plants, 49c each.
- No. 1400 Lelands Firethorn—A mass of white flowers in spring, followed by orange-red berries in profusion. A very lovely shrub for landscape specimen or planting in masses. 12 to 15 inch plants, 59c each.
- No. 1407 Yellow Jasmine—Lovely dense green dense foliage, masses of tiny yellow flowers. Branches gracefully drooping. Stands heat and cold, drought and wet weather. The A-No. 1 outstanding evergreen of the whole South in our opinion. Price, 15 to 18 inch plants, 49c each.
- No. 1410 Pfizer Juniper (*Spreading Juniper*)—A medium low, flat growing Juniper, gray-green foliage. This is the Juniper you see planted so generally in all landscape plantings, and in our opinion it is the finest of all Junipers. Price, 10 to 12 inch plants, 69c each.
- No. 1413 True Lavender (*English*)—This is the true Lavender, leaves gray-green, blue flowers. Leaves aromatic and sweetly scented. Makes good accent plant in any planting. Price, 12 to 15 inch plants, 65c each.
- No. 1416 Ligustrum Japanese—This is the best large growing broad-leaf evergreen. Has thick dark green leaves, large and dense. Best for high hedge, screens, or lawn specimen. Price, 2 to 3 ft. plants, 59c each.
- No. 1418 Ligustrum Waxleaf—Thick, heavy dark green leaves, very compact growth, white blossoms, black berries. No landscape planting complete without this. Price, 12 to 18 inch plants, 59c each.
- No. 1424 Mahonia (*Oregon Grape*)—Dark, lustrous holly-like foliage turns crimson in late fall. Very hardy. Price 10 to 12 inch plants, 89c each.
- No. 1436 Navaea—A good shrub, with several cane-like stems, finely cut foliage, turning to red in autumn. White flowers; followed by bright red berries. The best red-berried plant for landscape work, and favorite everywhere. Price, 9 to 12 inch plants, 45c each.
- No. 1427 Nandina—Same as above. Large, nice bushy plants, 12 to 15 inches, 85c each.
- No. 4756 Photinia Serulata—Large shrub with rounded form, evergreen, glossy green leaves, turning vivid red in fall and lasting through winter. Small white flowers in great profusion in early spring. Price, 1 to 1½ ft. plants 89c each.
- No. 1442 Texas Ash Plant (*Leucophyllum Texana*, or *Senial*)—Small oval leaves, ash-gray or silver color. Profusion of lavender colored flowers after each rain. One of the most outstanding shrubs that has been introduced in a number of years. Price, 12 to 15 inch plants, \$1.00 each.
- No. 10066 Spiney Greek Juniper—This beautiful variety forms a tall, dense, narrow, conical head tapering gradually from the ground to sharp terminal point and is of a fine glaucous color. Price, 18 to 24 inch plants, 75c each.
- No. 10007 Ashford's Juniper (*Juniper Ashfordii*)—Open, loose grower, branched at groundline. Fine silvery-green foliage, deepening to purple shades during the fall. Responds readily to shearing. Attains height of about 10 feet. Price 18 to 24 inch plants, 65c each; 10 for \$8.50.
- No. 10008 Ashford's Juniper (*Juniper Ashfordii*)—Same as above, except 24 to 36 inch plants. Each 95c; 10 for \$8.50.

ROSE BUSHES

Due to the short crop of roses in Texas this year, and also the heavy demand for rose bushes, we are now sold out of roses for this season, and will not have any more roses to offer for sale until the Fall of 1944.

SEED DEPARTMENT

Our flower seeds are grown by recognized specialists in California, and they are just as good as you can get, regardless of the growing descriptions and high sounding adjectives used by many seed houses. This growing of flower seeds, under ideal conditions, is centered in a small district in California, where they are grown and shipped to every section of the world. Our seed are the best they grow; they are no better than you can get from other first-class seedmen, but they are identical in every respect. We do not mix old crop seed with new crop, so you may expect to get nearly 100 per cent germination from the seed we send out. Also, you can save about one-half on your seed bill; that is something to remember.

- Varieties marked * do better if planted in fall.
- No. 4001 *Ageratum*—Fine bedding and border plant; with deep amethyst blue compact plants. Pkt. of 1000 seed 10c.
 - No. 4002 *Alyssum* (*Carpet of Snow*)—Pure white flowers completely cover plant. Fine for beds, borders, etc. Pkt. 1000 seed 10c.
 - No. 4003 *Amaranthus* (*Summer Poinsetta*)—Rich maroon foliage, topped with head of bright, fiery crimson. Pkt. 500 seed 10c.
 - No. 4004 *Balsam*—(*Double Camelia-Flowered*)—Bushy plants, lovely double blooms in pink, red, white and other colors. Pkt. 300 seed, 10c.
